ESTIMATED ANNUAL COST

Your **estimated annual cost** over the next **12 months** is:

£2289.48 *

01 Sep 2026 - 31 Aug 2027

*This estimated cost is based on your estimated annual usage (which you can find on page two) and your tariff rates including VAT. If your current contract ends and you don't renew or switch, you'll be placed on our standard variable tariff. Actual billing will vary depending on your energy usage.

PAY LESS?

You're already on our lowest-priced electricity tariff, but we'll be sure to let you know if this changes.

You're already on our lowest-priced gas tariff, but we'll be sure to let you know if this changes.

You may be subject to a termination fee if you switch more than 49 days before the end of your contract.

If your tariff ends within 12 months, we'll use your current rates until it ends. After that, we'll assume our So Flex standard variable tariff rates for the rest of the 12 months. Remember, if you choose to renew onto a Tracker tariff, the prices shown above reflect current rates. These are reviewed every three months and can go up or down with Ofgem's price cap. Fixed tariff rates stay the same throughout your contract.

We'd hope that you'll never have a reason to complain about So Energy, but if you do it's something we take incredibly seriously. If you're unhappy with us for any reason, please get in touch with us so we can work to resolve the issue. We operate a Complaints Code of Practice that outlines all the steps we take in the case of a complaint, and this can be found at www.so.energy/unhappy.

If you've registered a complaint with us and there's been no resolution after eight weeks, you should then refer to the Energy Ombudsman. This is a free and impartial consumer service and can be found at energyombudsman.org or on 0330 440 1624.

YOUR USAGE

Your average electricity usage in this billing period was 20kWh/day, compared to 8kWh/day across the same period a year ago

Your average gas usage in this billing period was 17kWh/day, compared to 7kWh/day across the same period a year ago

You can reduce your costs by using less energy. Contact the Simple Energy Saving Advice Service on 0800 098 7950 or the Energy Saving Trust for free, impartial advice on how to do just that.

Remember

You may wish to consider changing supplier. Switching supplier takes up to 5 working days - your final bill will include this period. If your account is in debit, this needs to be settled via one-off payment or increase in monthly payments before you can switch.
